Once again the Commercial Recording Arts Department zeroes in on one year in the life of Rock 'n' Roll. Bubblegum and Pop ruled the AM airwaves, Rock dominated the fledgling technology of FM, and the age of the Singer-Songwriter solo act was in full swing. Acoustic guitars were ubiquitous on high school campuses, and right here in Huntington Beach, a young Jamie Knight (director of CRAD, HBHS class of 1972) was in the thick of it. Join us as we present an important and interesting point in pop music history, with a surprisingly rich and eclectic set list that is guaranteed to delight, touch, and rock in equal measure.
