THE BEACH BOYS STORY

AMERICA'S GREATEST BAND AND THE CREATION OF THE CALIFORNIA MYTH

This year MMET will step away from the Beatles momentarily to pay tribute to one of their musical influences and artistic rivals, the Beach Boys. This show will attempt to tell their long and fascinating story, while highlighting not just the early hits about surfing and cars, but the more influential pieces from their middle period in the late 1960s and early 1970s. If you're a devoted fan, you will love this show. MMET has a powerhouse of talent that will be working hard to re-create these complex arrangements and multi-layered vocal harmonies. If you think the Beach Boys were all sun and fun, you will begin a rewarding journey of musical discovery.
