A benefit show for the APA Theatre Guild (Acting, Musical Theatre, Playwriting, and Directing Students). Equal parts thrilling adventure and sharp-witted comedy, Jaclyn Backhaus' **MEN ON BOATS** offers a daring and humorous retelling of history that explores whether friendship, dedication, and naked ambition can overcome the forces of nature. The year is 1869. Guided by the spirited explorer John Wesley Powell, an eclectic group of adventurers embarks on a quest to chart the Colorado River and American frontier. Along the way, they encounter perilous rapids, conflicting personalities, and the endless western horizon.
